Features & Benefits

- Designed to combine the benefits of two wipers in one. One side contains honeycomb pockets for capturing and retaining particles including debris. The other side is smooth. Together, they form a high sorption wiper ideal for spill control, cleaning, and solution application.
- Vectra sealed border technology provides low levels of ions, NVRs (non volatile residues), particles and fibers for use in critical cleaning applications and environments.
- Excellent chemical resistance for compatibility with a variety of solutions.
- Meets USP <797> and USP <800> wiper requirements.
- Autoclave safe.
- Individually lot coded for ease of traceability and quality control.

Cleanroom Environment

- ISO Class 3 – 8
- Class 1 – 100,000
- EU Grade A – D

Shelf Life

- Non-Sterile (Dry) – 5 years from date of manufacture
