

Bodenplatte für Klebefolienmatte

pure¹¹-Nr.: 1108093, Marke: Purus

Eigenschaften

- Marke: Purus
- Breite in cm: 71 cm
- Länge in cm: 119 cm
- Dicke/Stärke der Matte (in mm): 3,2 mm
- Material: Polystyrene
- Farbe: Weiß

Empfohlene

Reinraumklassen

ISO 4|5|6|7|8|9

GMP C|D

Material

- Polystyrene

Verpackung

- STK

Produktvarianten

pure¹¹-Nr.: 1108093, Bodenplatte für Klebefolienmatte

Farbe: Weiß; Passend für Größe: 66 x 114 cm / VE: STK

EnviroTack™ Mat Frames

Designed to be used with the EnviroTack™ Mats to create a system that is easy to use in any critical area. This system is ideal for any area that does not allow direct adhesion to the flooring surface. The frames are constructed of a rigid, polystyrene base material combined with a non-skid backing that holds the mats in place on almost any surface.

Non-skid backing:

- Protects floors from adhesive residue
- Reduces the risk of slips and falls
- Non-Skid made from Polymer Coated polyester textile
- Naturally antimicrobial, mold and mildew resistant

EnviroTack™ Mat Frames come in a variety of sizes to fit most standard cleanroom mat sizes. The frames are available in white and can be custom printed. The frames are sold individually and do not come with a mat.

EnviroTack™ Mat Frame Specifications

Frame Size	for Mat	Material	Thickness	Catalog Number	Packaging
20"x38"	18"x36"	Polystyrene	0.125 inch, 3.2mm	PF 2038 01 W 00	1 ea.
